

Sibling Class at Flagler Hospital

The Sibling Class is designed to prepare older brothers or sisters for the arrival of a new baby. Having a new baby in the house can be a difficult time. Soon-to-be brothers and sisters react in many different ways. The sibling class talks a little about what babies do, how the older sibling can help their parents, and how important they are to the family.

***Classes are held at Flagler Hospital
on Saturdays at 9am***

Ages 2 and up.

Call Jan at 819-4452
to register.
